

# 2nd International River Summit INDIA

## Join us as a River Summit Sponsor

The 2<sup>nd</sup> International River Summit 2019 focusses action on three major themes: Integrated Water Resource Management, Climate Change, and Food Security to secure sustainability and resilience.

A wide range of experts, including scientists, technologists, educators, policy makers, non-government organizations, farmer's representatives and students will come together at River Summit to address some of the most critical challenges the world faces.

Sponsorship agreements of the River Water User Association (India) and International River-Basin Foundation with counterpart organizations and Industries will create a business opportunity to provide research and training to 14000 students of Agriculture, Technology, Engineering, Computer Science health, dairying and Management. An outstanding environment for the exchange of information and interaction among water professionals and the professionals, Scientists and Management experts form variable background, leading to opportunities to employ quality products.

The River Water User Association (India) and International River-Basin Foundation is offering wide range of Sponsorship opportunities for national and international organizations, institutions, universities, research institutions and companies / industries and individuals.
