World River's Conference 2025
Rivers, Society, Cognition, and Technology
September 27-28, 2025**

Indian Rivers Day – September 27, 2025

Organized by River Water User Association

Rivers are the lifelines of India, sustaining our environment, economy, and culture. On **Indian Rivers Day**, the *River Water User Association* unites experts, policymakers, farmers, students, and citizens to celebrate rivers, discuss conservation challenges, and inspire collective action for sustainable river management.

Theme 2025:

“Rivers for Life: Conservation, Community & Climate Resilience”

This year’s conference highlights innovative approaches to river rejuvenation, climate adaptation, and community-driven solutions.

About the Founder

The *River Water User Association* was founded under the visionary leadership of **Prof. Rajendra Kumar Isaac**, an academic and researcher dedicated to water resources management, precision irrigation, and community-based environmental conservation. His pioneering efforts continue to inspire sustainable practices and empower communities to protect and revive India’s rivers.

World Rivers Day – September 28, 2025

World Rivers Day is a global celebration held on the **fourth Sunday of September**, dedicated to raising awareness about the importance of rivers and promoting their conservation. On **September 28, 2025**, communities worldwide will come together to honor the vital role rivers play in sustaining life, ecosystems, and cultures.

This year's theme, **“Healthy Rivers, Healthy Future”**, emphasizes the urgent need to protect rivers from pollution, over-extraction, and climate change.

Events include river clean-up drives, educational workshops, cultural performances, policy dialogues, and youth engagement activities designed to inspire collective responsibility.

World Rivers Day reminds us that rivers are not only sources of water and livelihoods but also symbols of heritage and unity. By preserving them today, we ensure resilience, biodiversity, and prosperity for generations to come.

Let us celebrate rivers as living treasures and commit ourselves to their protection and rejuvenation.

World Rivers Week – September 24–30, 2025

Celebrated by International River– Basin Foundation

World Rivers Week is an international observance dedicated to honoring and protecting the lifelines of our planet – rivers.

From September 24 to 30, 2025,

the International River– Basin Foundation

will host a week-long series of events highlighting the ecological, cultural, and economic significance of rivers.

The celebration will feature **expert lectures, panel discussions, clean-up campaigns, cultural programs, student competitions, and community workshops** to promote awareness and action.

The focus this year is on **“Rivers for Climate Resilience and Sustainable Communities”**, emphasizing how healthy rivers support biodiversity, agriculture, and human well-being.

Through these activities, the association aims to encourage citizen participation
In river conservation and inspire policies for
sustainable water management.

World Rivers Week is not just a celebration but a call to action — reminding us that protecting rivers today ensures a secure and vibrant future for generations to come.

Invitation

We are delighted to invite you to join us in celebrating **International World Rivers Week!**

This special event is dedicated to raising awareness about the vital importance of rivers

In sustaining ecosystems, communities, and economies around the world. Rivers are the

lifeblood

of our planet, and this week is an opportunity to honor and protect these crucial waterways.

WHY TO JOIN

Inspiring Speakers

Hear from environmentalists, river advocates, and community leaders who are making a difference in river conservation and sustainable water mgt.

Keynote Speakers

Hear from leading experts and passionate advocates on the current state of our rivers and the innovative solutions being implemented around the world.

Interactive Panels

Participate in discussions, share your experiences, and learn about global and local initiatives aimed at preserving rivers.

Community Engagement

Connect with like-minded individuals and organizations who are passionate about protecting our rivers for future generations.

Virtual Tours

Experience immersive tours of some of the world's most iconic rivers and learn about ongoing preservation efforts.

Join us in celebrating the wonders of rivers and contributing to their protection.

Your participation will help make this event a meaningful and impactful celebration.

We look forward to celebrating with you!

Warm regards,

Rajendra K Isaac

Indian River's Day Founder**

World River's Conference

Rivers, Society, Cognition, and Technology

Themes

- Cognitive Science of Environmental Awareness
- Human–River Interactions and Mental Health
- River Ethics: River Culture, Faith, and Sustainable Rituals
- Biodiversity mapping in Rivers Basins
- AI and Models for Crop Water Demand Forecasting in River Basins
- Precision Irrigation to Reduce River Water Overuse
- Transboundary Rivers, Governance & AI Tools
- AI for Predicting Floods & Extreme Events

World River's Week 2025

Submission of Abstract

(Last Date of Submission: September 25, 2025)

(Template available at the website)

Receiving of Acceptance

(By September 25, 2025)

Submission of Extended Paper

(Last Date of Submission: October 15, 2025)

(Template available at the website)

Submission of Power point Presentation

(Submission by: September 25, 2025)

Submission of Full paper

(Optional)

(Last Date of Submission: October 30, 2025)
